EDUCATION

Royal Institute of Technology <i>Master of Science in Engineering, Engineering Physics</i>	Stockholm, Sweden Aug 2022 –
Sigrid Rudebecks Gymnasium <i>Natural Sciences Programme</i>	Gothenburg, Sweden Aug 2019 – Jun 2022

PROFESSIONAL EXPERIENCE

S02 Swim Club <i>Swim Coach</i>	Gothenburg, Sweden Aug 2021 – Jun 2022
---	--

- Helped kids and teenagers in developing their swimming with a particular focus on technique.
 - Competitive swimmers:
 - Developed competitive swimmers' conditioning and technique.
 - Planned sessions with a thought out structure to take advantage of the time in the pool in the most efficient way.
 - Worked together with other coaches to plan and lead the sessions.
 - Had more responsibility regarding the swimmers' technique due to my own background in competitive swimming.
 - Younger swimmers:
 - Developed the children's confidence in the water with a particular focus on developing technique.

Sigrid Rudebecks Programming Association <i>President</i>	Gothenburg, Sweden Nov 2021 – Jun 2022
---	--

- Planned programming sessions after school for students interested in programming at Sigrid Rudebecks Gymnasium.
 - Problem solving abilities:
 - Developed our ability to solve programming challenges as a group through teamwork.
 - Planned and worked on projects together with the other students.
 - Improved my own programming skills in python

SKILLS

Languages: Fluent in English, Swedish, and Spanish; Elementary proficiency in French.

Interests: Former competitive swimmer and interested in all things related to computers.
